

EL40

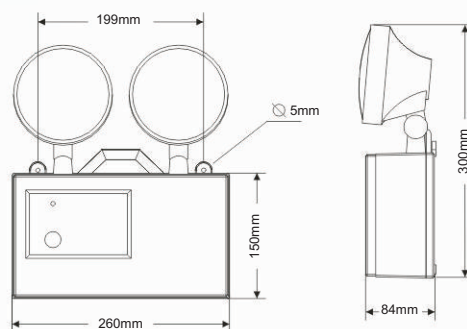

CE IP20

3 YEAR
GUARANTEE

Easy to install
Portable
Multi-directional lamp heads
Protection rate IP20
Compliant to EN 60-598.2.22
Lead battery
Test button

Smart design to provide a fully portable emergency beam light that suits in a wide variety of applications. Uses a pair of adjustable beam lights able to offer a high light output to even long narrow escape routes. A built in test button allows the direct check of luminary's functionalism while at the same time offers to the user the choice to disable one of the beams in order to double luminary's emergency duration.

All luminaries have a 3 years warranty to ensure product's reliability.
